

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

Listing of claims:

1. (currently amended) A method of preventing cancer comprising administering to a subject in need thereof a pharmaceutically acceptable amount of a composition that comprises an isolated ginsenoside glycoside as an active ingredient and a pharmaceutically acceptable carrier or adjuvant.

2. (currently amended) The method of claim 1, wherein the isolated ginsenoside glycoside is selected from the group consisting of ~~ginsenoside Rg₃₇~~ ginsenoside Rg₅₇ and ginsenoside Rh₂.

3. (original) The method of claim 1, wherein the composition further comprises ginseng extract.

4. (original) The method of claim 3, wherein the ginsenoside glycoside is present in an amount of from about 0.05 to 20 weight%.

5. (original) The method of any one of claims 1 to 4, wherein the composition further comprises vitamins.

6. (original) The method of any one of claims 1 to 4, wherein the composition further comprises amino acids.

Please add the following new claims:

7. (new) A method of decreasing the occurrence in the incidence of cancer comprising administering to a subject in need thereof a pharmaceutically acceptable amount of a composition that comprises ginsenoside glycoside as an active ingredient and a pharmaceutically acceptable carrier or adjuvant.

8. (new) The method of claim 7, wherein the ginsenoside glycoside is selected from the group consisting of ginsenoside Rg₅ and ginsenoside Rh₂.

9. (new) A method of decreasing the occurrence in the incidence of cancer comprising administering to a subject in need thereof a pharmaceutically acceptable amount of a composition that consists essentially of ginsenoside glycoside as an active ingredient and a pharmaceutically acceptable carrier or adjuvant.

10. (new) The method of claim 9, wherein the ginsenoside glycoside is selected from the group consisting of ginsenoside Rg₅ and ginsenoside Rh₂.
